If under 18 years of age, Minor's Release is required to race.
Minor's Release available at event or by request.

Note: Vintage Class (VC) open to any bike 25 years or older (1984). VC bikes will need to meet same National Forest requirements as modern bikes – Sound Test, OHV sticker, Spark Arrester. VC trophies will be awarded for score on Super Short Course mileage (approx 25 miles) but riders are allowed (and encouraged) to ride the entire course if they desire. VC is not a points paying class in itself, but the TSCEC points keeper will apply points to your normal class if your VC bike meets class requirements provided you ride your normal class distance (I.E. Long or Short Course per regular class requirements). Please also check the box for your normal points class and Vintage Class (you will only pay one entry fee). This will allow you to continue to earn year end points and still enter, ride and support the vintage class.
Bring those old Enduro bikes out and enjoy some seat time!

This event will be a “Start Control” format.

- No riding in camp area
- Bring your bike ready to ride
- Take your trash with you when you leave
- Spectators allowed at Trail Head – Gas Stop (*but not in Gas Area*)
- No Alcohol On New Waverly ISD Property
